

### allmedic™ face & body cleanser

A scientifically formulated pH balanced foaming gel that is suitable for all skin types including dry and sensitive skin. Use twice daily all over the face and body to remove make-up, dirt and oil.

### allmedic™ exfoliator

A pH balanced foaming scrub with micro beads to gently remove old, flaky skin cells allowing new, healthy cells to surface. Use twice weekly on face and body or as directed by your Doctor.

### allmedic™ face repair

A facial cream high in alpha hydroxy acids (AHAs) to target dead and damaged skin cells. Evens skin tone and smooths fine lines and blemishes. Recommended for usage prior to Photodynamic Therapy or medical microdermabrasion. Use twice daily on clean dry skin or as directed by your doctor or clinical skin educator. Before using, do a skin patch test behind your ear.

### allmedic™ body repair

Containing a high medical concentration of alpha hydroxy acids (AHAs), this cream repairs dry and sun damaged skin by gently removing dead skin cells and stimulating the growth of healthy new cells. Apply twice daily on the body or as directed by your doctor or clinical skin educator. Before using, do a skin patch test on the crease of your forearm.

### allmedic™ eye cream

A revolutionary cream containing patented marine enzymes to repair and firm delicate skin around the eyes. Pat gently around the eye area twice daily.

### allmedic™ antioxidant sunscreen

Containing revolutionary patented marine enzymes, this antioxidant rich sunscreen is suitable for normal to sensitive skin types. It contains rich moisturising properties and can be worn under makeup. Apply twice daily and reapply after swimming and excessive perspiration. Before using, do a skin patch test behind your ear.

## Medical Skin Repair Products

Only available from your doctor

## Did you know?

- Australia is the skin cancer & sun damage capital of the world
- Rough, dry, scaly sun damaged skin, if left untreated, can turn into a skin cancer
- 80% of all skin cancers occur above the chest
- 80% of prematurely aged skin is caused by the sun
- 66% of all Australians will have a skin cancer in their lifetime
- Once a skin cancer is removed, there is a greater risk of recurrence in the surrounding area

## Repair Your Skin

If our skin is our largest and most visible organ, why do most of us do nothing to protect it and keep it in the best health it can be?

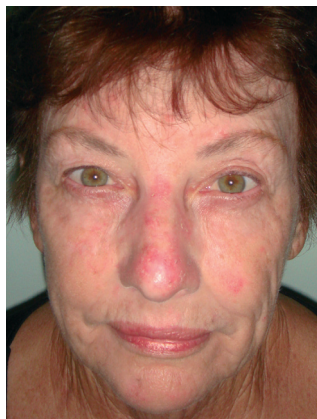

As we age – so too does our skin. Age spots, blemishes, dry, scaly skin and fine lines become more common, affecting our confidence and our health. The good news is, that by working with your doctor and **allmedic**, it is never too late to repair your skin from ageing and environmental damage.

## allmedic & Your Doctor

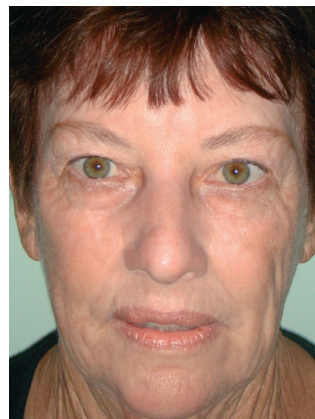

**allmedic** is a revolutionary new system that specifically cares for and protects the skin from solar damage and ageing. Created by Australian doctors who specialise and practice in the areas of skin cancer, medical skin repair, cosmetology, molecular immunology and skin allergies, **allmedic** is only available from your doctor.

## See the Difference

With **allmedic**, skin pigmentation, rough dry scaly skin, age spots and blemishes can be treated and removed to reveal smoother, healthier looking skin.

## Your Personal Skin Health Program

A range of medical grade, scientifically developed skin care products that feature the latest in skin technology to treat and repair sun damaged and aged skin, **allmedic** products are only available under the supervision of your doctor. They can be used as either a general skin repair and protection regime or in conjunction with medical procedures like photodynamic therapy, IPL laser treatments, medical microdermabrasion or skin peels.

*See over for more information on these innovative doctor designed products.*

**Our clinic offers the following skin repair & protection products, procedures & services.**

**allmedic Products** - a range of medical grade, specialised skin products that feature the latest in skin science to treat and repair sun damaged and aged skin. **allmedic** products are only available under the supervision of your doctor. See back pages for more product details.

**Photodynamic Therapy (PDT)** - A revolutionary non-invasive light therapy that treats sun damaged and aged skin. PDT is the next frontier in treating and preventing skin cancer.

**Skin Education Session** - A FREE discussion with a clinic educator on how to care for your skin to prevent dangerous sun damage and minimise the effects of ageing.

*Please ask our receptionist for more information.*
